

Job Opening – ABA Line Technician

Chartwell Center is looking to hire a Registered Line Technician to provide Applied Behavior Analysis (ABA) services to our children, adolescents and adults!

We are a nonprofit organization that has been serving individuals on the autism spectrum, ages 2 through adulthood, for the last 20 years. We focus on providing excellent ABA services in a 1:1 setting for children with severe autism. It is truly awesome to see the progress that our children make! Parent driven and community supported, we have a beautiful facility in the heart of New Orleans.

Those interested in the position should have a minimum of a high school degree, and candidates with college degrees are given additional consideration. All candidates will need to pass a state background check and will have to register with the Louisiana Applied Behavior Analyst Board.

This is an salaried position, which pays \$24,000 annually. Line Technicians work 35-40 hours per week (8:00AM to 3:45PM). Health Insurance is offered for this position after 3 months of employment, and the cost is split between Chartwell and the employee. Initial and ongoing training is provided by our excellent clinical staff. Generous time off is provided with regular breaks through the year.

Chartwell's culture is one of hard work, fun, and results for the families we serve. We value a good fit for this position as candidates are expected to work well on a team as well as be responsible for their own performance.

Interested candidates can find more information about Chartwell Center at <http://chartwellcenter.org/careers/>

Job Type: Full-time

Salary: \$24,000

Those wishing to apply for the ABA Registered Line Technician position should send their resume or curriculum vitae to Chartwell@ChartwellCenter.org.
